Argyle Materials Customers

Subject: Argyle Materials PC-ABS (FR)

To Whom it May Concern:

Argyle Materials certifies, based on information from raw material suppliers, that polybrominated biphenyls (PBBs), polybrominated diphenyl ethers (PDBEs) and compounds of lead, cadmium, mercury, and hexavalent chromium are not intentionally introduced into the abovementioned products.

Furthermore, based on information from raw material suppliers, their presence is not expected in these materials except at extremely low trace level (incidental or naturally occurring), for which no specific analytical tests have been performed.

Therefore, these products comply with the requirements of Directive 2015/863 as of the above date.

Regards,

Richard Smeenck, President
